## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
The Metropolitan Water District  
of Southern California:

We have audited the accompanying statement of cash and investments of The Metropolitan Water District of Southern California (the District) as of March 31, 1994 and the related statement of cash receipts and disbursements, by fund category and in total, for the nine months then ended. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in note 1, the accompanying statements of cash and investments and cash receipts and disbursements, by Fund category and in total, present a summary of the cash activity of the District prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Such statements are not intended to present fairly the financial position or results of operations of the District in conformity with generally accepted accounting principles.

In our opinion, the statements referred to above present fairly, in all material respects, the cash and investments of The Metropolitan Water District of Southern California as of March 31, 1994 and its cash receipts and disbursements, by fund category and in total, for the nine months then ended on the basis of accounting described in note 1.

## Notes to Financial Statements

March 31, 1994

### (1) Significant Accounting Policies

The accompanying financial statements have been prepared by management for the purpose of presenting the District's cash and investments as of March 31, 1994 and disclosing the changes in total cash and investments, by fund and in total, for the nine months then ended, on the basis of cash receipts and disbursements in accordance with established District policy.

Financial statements prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles, may differ from presentations under generally accepted accounting principles since certain revenues and related assets are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligations are incurred. Accordingly, the accompanying financial statements are not intended to present the District's financial position and results of operations in conformity with generally accepted accounting principles.

Cash receipts and disbursements are allocated to the various funds and may not necessarily reflect actual cash transfers. Certain of the funds are also legally restricted to use for a specific purpose. See note 4 for a description of the currently active funds of the District.

### (2) Investments Held in Escrow

At March 31, 1994, U.S. Treasury securities with a cost basis totaling \$83,234,633 are being held in escrow trust accounts and represent amounts sufficient to provide debt service for the refunded Waterworks General Obligations Bonds, Series F, which were refunded in advance of their respective first call dates. Such refundings resulted in the defeasance of these bond issues; accordingly, the bond obligations and the related investments are excluded from the District's financial statements.

At March 31, 1994, U.S. Treasury securities with a cost basis totaling \$165,400,992 are being held in an escrow trust account and represent amounts sufficient to provide debt service for the advance refunding of portions of the Waterworks Revenue Refunding Bonds, Issue of 1986 and Water Revenue Bonds, Issue of 1991. Such refundings resulted in the defeasance of these bond issues; accordingly, the bond obligations and the related investments are excluded from the District's financial statements.

At March 31, 1994, U.S. Treasury securities, purchased primarily from bond proceeds, with a cost basis totaling \$227,938,008 for Series A1 and A2 (Crossover Bonds) of the Waterworks General Obligation Refunding Bonds, Issue of 1993, are being held in an escrow trust account. The Series A1 and A2 Bonds were issued to provide the funds necessary to refund, on March 1, 1999 and March 1, 1996, respectively (the Crossover Dates), the principal, accrued interest and early redemption premiums on a portion of the District's Waterworks Bonds, Election 1966, Series G dated June 1, 1989 and Waterworks Refunding General Obligation Bonds, Issue of 1986.

Notes to Financial Statements, Continued

March 31, 1994

The Proceeds of the Series A1 and A2 escrow trust accounts will be used to pay debt service on the Crossover Bonds through the respective Crossover Dates. Prior to the respective Crossover Dates, the Series A1 and A2 Bonds will be special obligations of the District, payable from the Series A1 and A2 escrow trust account. On the respective Crossover Dates, the Series A1 and A2 Bonds will become general obligations of the District.

### (3) Market Value of Investments

At March 31, 1994, the market value of U.S. Treasury securities, exclusive of U.S. Treasury securities held in an escrow trust account for the Crossover Bonds, totaled approximately \$340 million. The market values of the District's other investments approximated their respective costs. Repurchase agreements were collateralized with marketable government securities having a total value of approximately \$134 million.

### (4) Description of Currently Active Funds of the District by Fund Category

#### Operating Funds

- General Fund (Fund No. 01)

Established in 1929. This fund contains operating revenues and other miscellaneous monies not specifically allocable to other funds and which may be used for general purposes of the District. In practice, this fund is used to finance reimbursable works and, since 1990, to pay for capital and indirect costs incurred by the Imperial Irrigation District (IID) for specified water conservation projects. The monies in this fund that are not utilized for payments to IID or for reimbursable works are designated working capital funds as part of the minimum working capital balance required by Section 5202(a) of the Administrative Code.

- Water Revenue Fund (Fund No. 21)

Established in 1975. Receipts from water sales and standby charges are deposited in this fund and are transferred to various other funds in accordance with revenue bond and other Board resolutions to pay in order of priority:

- Operation and maintenance expenditures
- Debt service on outstanding revenue bonds and commercial paper
- Water Standby Charge Fund
- Any other obligations which are charges, liens or encumbrances upon operating revenues.

Monies remaining at the end of each month, after the foregoing transfers, are transferred to the Revenue Remainder Fund.

Notes to Financial Statements, Continued

March 31, 1994

- Operations and Maintenance Fund (Fund No. 22)  
Established in 1975. This fund is used to pay all operation and maintenance expenditures, including State Water Contract operation, maintenance, power and replacement charges. The revenue bond resolutions require that, at the beginning of each month, monies equal to estimated operation and maintenance expenditures for that month and the succeeding month be set aside in this fund, and such amounts represent the minimum fund balance requirements specified in Section 5201(f) of the Administrative Code.
- Revenue Remainder Fund (Fund No. 25)  
Established in 1975. Monies remaining in the Water Revenue Fund at month-end, after meeting the priority expenditures set forth in the bond resolutions, are transferred to this fund and may be used for any lawful purpose by the District. As specified by Section 5202(a) of the Administrative Code, the required total minimum balance to be held collectively in the General Fund and the Revenue Remainder Fund as of June 30 of each year shall be equal to the sum of \$25 million for emergency repairs and claims, and \$150 million for general purposes in the event that revenues are insufficient to pay the costs of the District. Monies in excess of \$175 million are transferred to the Pay-As-You-Go, Water Rate Stabilization and Water Treatment Surcharge Stabilization funds in accordance with the priority outlined in Sections 5202(b)-5202(d) of the Administrative Code.
- Water Standby Charge Fund (Fund No. 60)  
Established in 1992. Revenues attributable to water standby charges are transferred to this fund, which is treated as an operating fund for financial reporting purposes. Monies in this fund are used exclusively for the purpose for which the water standby charge was imposed.

## Debt Service Funds

- 1931 General Obligation Bond Interest and Redemption Fund (Fund No. 04)  
Established in 1932. This fund is used for the payment of principal and interest on the 1931 general obligation bonds of the District from ad valorem property tax revenues. Section 5201(a) of the Administrative Code requires maintenance of monies at each June 30 equal to 18 months' debt service, less revenues anticipated to be derived from the next succeeding tax levy specifically for such debt service.
- 1966 General Obligation Bond Interest and Principal Fund (Fund No. 11)  
Established in 1967. This fund is used to pay the debt service on the District's 1966 Authorization general obligation bonds from ad valorem property taxes. Section 5201(a) of the Administrative Code requires maintenance of monies at each June 30 equal to 18 months' debt service, less revenues anticipated to be derived from the next succeeding tax levy specifically for such debt service.

March 31, 1994

- Optional General Obligation Bond Redemption Fund (Fund No. 15)  
Established in 1980; amended 1993. This fund is used for the purpose of redeeming untendered refunded general obligation bonds. The District, in accordance with its refunding bond resolutions, must maintain in this fund amounts sufficient to retire the called bonds.
- Waterworks Revenue Bond Interest and Principal Fund (Fund No. 23)  
Established in 1975. This fund is used to pay the debt service on revenue bonds of the District. The revenue bond resolutions require setting aside in this fund each month 1/6 of the semiannual interest payments and 1/12 of the annual principal payment next coming due. Such amounts represent the minimum fund balance requirements specified in Section 5201(b) of the Administrative Code.
- Waterworks Revenue Bond Reserve Fund (Fund No. 24)  
Established in 1975. The revenue bond resolutions require the District to maintain a fund balance at least equal to 100% of the combined maximum annual debt service on all outstanding revenue bonds to the extent that such debt service does not exceed \$10 million and 50% of the excess of such debt service over \$10 million. This amount represents the minimum fund balance requirement specified in Section 5201(b) of the Administrative Code.
- Optional Revenue Bond Redemption Fund (Fund No. 30)  
Established in 1985; amended in 1993. This fund is used for the purpose of redeeming untendered refunded revenue bonds. In accordance with the refunding revenue bond resolutions, the District maintains in this fund amounts sufficient to retire the called bonds.
- Series G 1966 General Obligation Bond Interest and Principal Fund (Fund No. 37)  
Established in 1989. This fund is used to pay debt service on the District's 1966 general obligation bonds, Series G, from ad valorem property taxes. Section 5201(a) of the Administrative Code requires maintenance of monies at each June 30 equal to 18 months' debt service, less revenues anticipated to be derived from the next succeeding tax levy specifically for such debt service.
- Commercial Paper Note Payment Fund (Fund No. 54)  
Established in 1991. This fund is used to pay debt service on the commercial paper notes of the District. Section 5201(h) of the Administrative Code requires the District to deposit amounts in this fund sufficient to pay principal of, and interest on, the Commercial Paper Notes as they become due.
- Water Revenue Bond Service Fund (Fund No. 57)  
Established in 1991. This fund is used to pay debt service on subordinate water revenue bonds after payment of Prior Lien Waterworks Revenue Bonds, including reimbursement of any payments made by providers of credit as liquidity enhancement for the bonds.

**THE METROPOLITAN WATER  
DISTRICT OF SOUTHERN CALIFORNIA**

Notes to Financial Statements, Continued

March 31, 1994

- Water Revenue Refunding Bonds, 1993 Series A, Interest and Principal Fund (Fund No. 64)  
Established in 1993. This fund is used to pay debt service on the subordinate water revenue refunding bonds after the payment of debt service on Prior Lien Waterworks Revenue Bonds.
- Water General Obligation Refunding Bonds, 1993 Series A3, Interest and Principal Fund (Fund No. 67)  
Established in 1993. This fund is used to pay debt service on the District's Series A3 general obligation refunding bonds.
- Water Revenue Refunding Bond, 1993 Series B Interest and Principal Fund (Fund No. 73)  
Established in 1993. This fund is used to pay debt service on the subordinate water revenue refunding bonds after payment of prior lien revenue bonds.
- Water Revenue Refunding Bond, 1993 Series B Reserve Fund (Fund No. 74)  
Established in 1993. Proceeds from the sale of these subordinate bonds, in an amount necessary to maintain the Bond Reserve Requirement, were deposited into this fund. A surety bond was purchased in October 1993, thereby eliminating the requirement for this fund in the future.
- Waterworks General Obligation Refunding Bonds, 1993 Series B Interest and Principal Fund (Fund No. 77)  
Established in 1993. This fund is used to pay debt service on the District's 1993 Series B, general obligation refunding bonds.

State Contract Funds

- State Contract Fund (Fund No. 05)  
Established in 1960. Items billed the District as capital charges under the State Water Contract, including the capital costs of off-aqueduct power facilities, are paid from this fund. Revenues from sales of water are transferred to this fund to meet most costs, with the residual met from ad valorem property tax revenues and annexation fees, as determined by the formula in Chapter 3 of Division IV of the Administrative Code, or Board action. As specified by Section 5201(d) of the Administrative Code, the required minimum balance to be held as of June 30 and December 31 of each year shall equal the capital payments due on July 1 of the same calendar year and January 1 of the following calendar year, respectively.
- Special Tax Fund (Fund No. 06)  
Established in 1951. Annexation fees (cash payments and special tax collections) are deposited in this fund and are transferred to the State Contract Fund to pay a portion of the District's State Water Contract capital charges. As specified by Section 5201(e) of the Administrative Code, there is no minimum balance requirement for this fund.

## Construction Funds

- Pay-As-You-Go Fund (Fund No. 02)

Established in 1988. This fund is used to internally finance a portion of the District's capital improvement program in accordance with Section 5109 of the Administrative Code. As specified by Section 5202(b) of the Administrative Code, the required minimum balance to be held as of June 30 of each year shall be at least equal to the amount needed to fund Board-authorized pay-as-you-go expenditures estimated for the ensuing fiscal year. Notwithstanding the principal purpose of this fund, amounts assigned may be used by the Board for any lawful purposes.
- 1966 General Obligation Bond Construction Fund (Fund No. 08)

Established in 1967. Proceeds from the sale of District general obligation bonds are deposited in this trust fund and must, by bond resolution, be applied exclusively to the purposes for which the bonds were authorized. As specified by Section 5201(c) of the Administrative Code, there is no minimum balance requirement for this fund.
- Water Revenue Bond Construction Fund (Fund No. 20)

Established in 1975. Proceeds from the sale of water revenue bonds are deposited in this trust fund and must, by bond resolution, be applied exclusively to the purposes for which the bonds were authorized. As specified by Section 5201(c) of the Administrative Code, there is no minimum balance requirement for this fund.
- Revolving Construction Fund (Fund No. 35)

Established in 1988. Capital expenditures made from this fund are to be reimbursed with proceeds from security sales to the extent such expenditures are authorized uses of debt proceeds under the Metropolitan Water District Act. As specified in Section 5201(g) of the Administrative Code, there is no minimum balance requirement for this fund.
- Series G 1966 General Obligation Bond Construction Fund (Fund No. 36)

Established in 1989. Proceeds from the sale of the District's 1966 general obligation bonds, Series G, are allocated to this trust fund and must, by bond resolution, be applied exclusively to the purposes for which the bonds were authorized. As specified in Section 5201(c) of the Administrative Code, there is no minimum balance requirement for this fund.
- Commercial Paper Note Construction Fund (Fund No. 53)

Established in 1991. Proceeds from the sale of commercial paper are deposited in this fund and are applied exclusively to the purposes for which the notes were authorized.
- Water Revenue Bonds, Issue of 1991 Construction Fund (Fund No. 56)

Established in 1991. Net proceeds from the sale of these subordinate revenue bonds were deposited into this fund and are used exclusively for the purposes for which the bonds were authorized.

# THE METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

Notes to Financial Statements, Continued

March 31, 1994

- Water Revenue Bonds, Issue of 1992 Construction Fund (Fund No. 61)  
Established in 1992. Net proceeds from the sale of these subordinate revenue bonds were deposited in this fund and are used exclusively for the purposes for which the bonds were authorized.
- Water Revenue Refunding Bonds, 1993 Series A Construction Fund (Fund No. 66)  
Established in 1993. Funds available from the Water Revenue Bond Reserve Fund due to reductions in reserve requirements are deposited into this fund and used exclusively for the District's capital improvement program.

## Rate Stabilization Funds

- Water Rate Stabilization Fund (Fund No. 33)  
Established in 1987. This fund is for the principal purpose of reducing water revenue requirements in order to smooth water rate adjustments over time. As specified in Section 5202(c) of the Administrative Code, amounts that exceed the Board's working capital and internal capital improvement funding requirements on June 30 of each year are transferred to this fund, except as required under Section 5202(d). Notwithstanding the principal purpose of this fund, amounts assigned may be used by the Board for any lawful purpose.
- Water Treatment Surcharge Stabilization Fund (Fund No. 34)  
Established in 1988. This fund is used for the principal purpose of mitigating required increases in the surcharge for water treatment. Notwithstanding the principal purpose of this fund, amounts assigned to this fund may be used by the Board for any lawful purpose of the District. After making the required year-end transfer to the Water Rate Stabilization Fund required by Section 5202(c) of the Administrative Code, a determination is made to identify the portion, if any, of such transferred monies attributable to collections of treatment surcharge revenue in excess of water treatment cost. Such monies are then transferred to the Water Treatment Surcharge Stabilization Fund. If the calculation determines a deficiency in treatment surcharge revenue, a transfer of monies will be made for this fund as needed to reimburse amounts used for the deficiency.

## Other Funds

- Series G 1966 General Obligation Bond Excess Earnings Fund (Fund No. 38)  
Established in 1990. This fund is used to separately hold rebatable arbitrage interest earnings transferred from the Series G 1966 General Obligation Bond Construction Fund, computed on an annual basis in accordance with Federal regulations.
