EXECUTIVE SECRETARY  
METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

February 11, 1992

To: Board of Directors (Executive Committee--Action)  
From: Chairman, Ad-Hoc Committee on Legislation  
Subject: Creation of Special Committee on Legislation

Report

At a meeting on February 4, 1992, the Ad-Hoc Committee on Legislation concluded that it was desirable to establish a Special Committee on Legislation. This letter transmits that recommendation and the proposed Administrative Code changes to implement the recommendation.

It was the view of the Ad-Hoc Committee that the new Special Committee should reflect a broad cross-section of Directors. The Committee would be expected to meet monthly. It would review pending legislation of concern to the District which existing Committees may not presently always have the time to consider; and, with the General Manager, would prepare recommendations for the further consideration of the Executive Committee and the Board.

The proposed Administrative Code provisions reflect this discussion. It should be observed that the Committee would consist of eleven members, at least one of whom shall be an officer of the Board, one of whom shall be the Chair of the Water Problems Committee, seven of whom shall represent each of the seven standing committees, and two who may be selected at large. These selections, to be made by the Chair of the Board (as provided in existing Section 2500), shall be designed to give geographic representation to all areas of the District and, to the extent possible, to the diversity of member public agencies and sub-agencies within the District. It would be expected that the Chair of the Committee will be designated by the Chair of the Board and that he or she would serve at the latter's pleasure.

While the Ad-Hoc Committee was created by the Executive Committee to report to it on the proper definition and role of a Legislative Committee, this letter has been

prepared and placed on the Board's agenda for action in the expectation that if the recommendation below is satisfactory to the Executive Committee, the proposal herein would be recommended to the Board for prompt action so as to permit the new Committee to become active in the California legislative process early in this legislative year.

Board Committee Assignment

This letter is being referred to the Executive Committee pursuant to Administrative Code section 2417 (a) and (e) because of its authority to study, advise, and make recommendations with regard to legislation sponsored by the District or in any way affecting the District; and policies and procedures to be considered by the Board.
