

## RESOLUTION 8385

RESOLUTION OF THE BOARD OF DIRECTORS  
OF THE METROPOLITAN WATER DISTRICT OF  
SOUTHERN CALIFORNIA  
GIVING NOTICE OF INTENTION TO CONSIDER AND  
ACT UPON RECOMMENDATION TO IMPOSE WATER  
STANDBY CHARGES

**WHEREAS**, pursuant to a 1984 legislative grant of authority embodied in Section 134.5 of the Metropolitan Water District Act, the Board of Directors (Board) of The Metropolitan Water District of Southern California (Metropolitan) may from time to time impose a water standby charge; and

**WHEREAS**, the provisions of the Uniform Standby Charge Procedures Act (USCPA), sections 54984-54984.9 of the Government Code, are available to any local agency authorized by law to provide water or water service, and authorized to fix, levy, or collect any standby or availability charge or assessment in connection with the provision of that service; and

**WHEREAS**, the amount of revenue to be raised by a water standby charge shall be as determined by the Board; and

**WHEREAS**, under such authority, the water standby charge may be imposed on each acre of land or each parcel of land less than an acre within Metropolitan to which water is made available for any purpose by Metropolitan whether the water is actually used or not.

**NOW, THEREFORE**, the Board of Directors of The Metropolitan Water District of Southern California does hereby resolve, determine, and order as follows:

**Section 1.** That the public interest and necessity requires Metropolitan to develop firm net revenue, exclusive of ad valorem property taxes, of approximately \$50 million for fiscal year 1993-1994.

**Section 2.** That in order to allocate a reasonable share of the costs of benefits made available by Metropolitan throughout its service area in an equitable manner, such firm revenue, exclusive of ad valorem property taxes, should be raised by a water standby charge imposed upon land within Metropolitan's service area to which water is made available by Metropolitan for any purpose, whether the water is actually used or not.

**Section 3.** Notice is hereby given to the public and to each member public agency of The Metropolitan Water District of Southern California of the intention of Metropolitan's Board to consider and take action at its regular meeting to be held May 11, 1993, on the General Manager's recommendation to impose a water standby charge for fiscal year 1993-1994 under the authority of the USCPA at composite rates of not more than \$15 per acre of land, or not more than \$15 per parcel of land less than an acre. The composite rates, which may vary by member public agency, shall consist in part of a uniform component of \$5 applicable throughout Metropolitan, and in part of a variable component, not exceeding \$10 in any member public agency, reflecting the allocation of historical water deliveries by Metropolitan to its 27 member public agencies. The standby charge is estimated to raise net revenue of approximately \$50 million.

**Section 4.** The particular charge, per acre or per parcel, applicable to land within each member public agency, the method of its calculation, and the specific data used in its determination are as specified in the engineer's report attached as Exhibit A to this resolution. The engineer's report, which forms the basis of the standby charge, is on file and available for review by interested parties at Metropolitan's headquarters.

**Section 5.** The proposed water standby charge, if imposed, shall be collected on the tax rolls together with the ad valorem property taxes which are levied by Metropolitan for the payment of pre-1978 voter approved indebtedness.

**Section 6.** The Board will meet in adjourned regular sessions on the dates, and at the times and locations specified in Exhibit B to this Resolution, to hold public protest hearings at which interested parties may present their views regarding the proposed water standby charge and the engineer's report. Any member of the public may submit a written protest, an application for exemption of certain lands from the charge, or other comments either at a scheduled hearing or by mail to the Executive Secretary of The Metropolitan Water District of Southern California, at Post Office Box 54153, Los Angeles, California 90054. All written protests, comments and applications for exemption presented at the hearings or received by the Executive Secretary on or before April 8, 1993, which contain a description sufficient to identify the land owned by the landowner will be given due consideration by the Board before its final action on the proposed standby charge.

**Section 7.** It is the intent of the Board that the following lands shall be exempt from the water standby charge: (a) lands owned by the Government of the United States, the State of California, or by any political subdivision thereof or any entity of local government; (b) lands permanently committed to open space and maintained in their natural state that are not now and will not in the future be supplied water; (c) lands not included in (a) or (b) above, which the General Manager, in his discretion, finds do not now and cannot reasonably be expected to derive a benefit from the projects to which the proceeds of the water standby charge will be applied; and (d) lands within any member public agency, subagency, or city if the governing body of such public entity elects and commits to pay out of funds available for that purpose, in installments at the time and in the amounts established by Metropolitan, the entire amount of the water standby charge which would otherwise be imposed upon lands within those public entities. The General Manager may develop and implement additional criteria and guidelines for exemptions in order to effectuate the intent expressed herein.

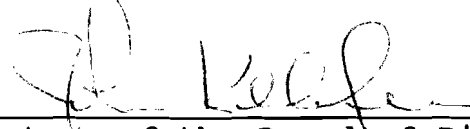

**Section 8.** The General Manager shall establish and make available to interested applicants procedures for filing and consideration of applications for exemption from the water standby charge pursuant to subsections (b) and (c) of Section 7 above. All applications for such exemption and documentation supporting such claims must be received by Metropolitan in writing on or before April 8, 1993. The General Manager is further directed to review any such applications for exemption submitted in a timely manner to determine whether the lands to which they pertain are eligible for such exemption and to allow or disallow such applications based upon those guidelines. The General Manager shall also establish reasonable procedures for the filing and timing of the appeals from his determination, pursuant to Section 9 below.

**Section 9.** An Ad Hoc Committee of the Board shall be appointed by the Chairman of the Board for the purpose of considering, in the Committee's discretion, appeals from determinations by the General Manager to deny or qualify an application for exemption from the water standby charge, pursuant to Section 8 above. The Ad Hoc Committee shall consider such appeals and make recommendations to the Board to affirm or reverse the General Manager's determinations. The Board shall act upon such recommendations and its decision as to such appeals shall be final.

**Section 10.** The General Manager is hereby authorized and directed to take all necessary action to satisfy relevant statutes requiring notice by publication and by mail.

**Section 11.** The Executive Secretary is hereby directed to transmit a certified copy of this Resolution to the presiding officer of the governing body of each member public agency.

I HEREBY CERTIFY, that the foregoing resolution was adopted by the Board of Directors of The Metropolitan Water District of Southern California on January 12, 1993.

---

Secretary of the Board of Directors  
of The Metropolitan Water District  
of Southern California
