

MWD

METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA

Revision 8-5

February 9, 1993

To: Board of Directors
From: General Manager
Subject: Revision to Board Letter 8-5.

Report

The Engineering and Operations, Finance and Insurance, and Land committees have approved a staff recommendation to reduce the amount of the Revision No. 4 to Appropriation No. 559 from \$105,900,000 to \$3,000,000. The reduction reflects a change from covering all costs in advance of award of construction contracts including land acquisition to covering interim costs until the California Environmental Quality Act statute of limitations period closes.
