Condemn Property Required for the Domenigoni Valley Reservoir  
Project in Riverside County, California, identified by  
Riverside County Assessor's Parcel Number, MWD Right-of-Way  
Parcel Number and Owner's Name, on the Attachment hereto.

Report

The Metropolitan Water District will require the real property or interests in real property described in Exhibits A and B, attached hereto, located in Domenigoni Valley, Riverside County, California, for portions of the Domenigoni Valley Reservoir Project. A list of Assessor's Parcel Number, MWD Right-of-Way Number, and Owner's Name is set forth in the Parcel List attached hereto. The location of the property is shown on the attached drawing designated as Exhibit B. Offers to purchase the property as required by California Government Code section 7262.2 were made.

A hearing for resolution of necessity is scheduled to be held by the Land Committee regarding these properties at its meeting on September 12, 1994. If the Land Committee recommends that the resolution of necessity be adopted, the matter will be presented to the Legal and Claims Committee and to the Board at its meeting on September 13, 1994.

On August 22, 1994 a notice of intention to adopt a resolution of necessity and of an opportunity to appear and be heard before the Land Committee on September 12, 1994, as to the necessity for the Project and the taking of the property was served on the owner of the property identified in Exhibits A and B. Under the law, we must have received a written request for a hearing within 15 days after the notice was served in order for a hearing to be required. A quorum of the Committee is required for such a hearing. Following the hearing a written summary of the hearing and a written recommendation by the Land Committee as to whether the Board should adopt a resolution will be provided to the Board and to each person who received notice and appeared before the Committee.

Transmitted herewith is the form of resolution declaring the necessity of the Project and for the acquisition of the property described in Exhibits A and B, attached hereto, and directing the General Counsel to commence condemnation proceedings in Riverside County to acquire the property.

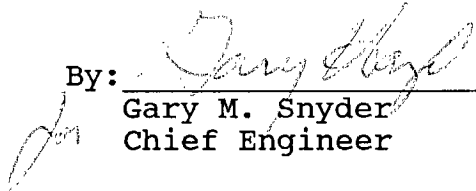

On October 8, 1991, your Board and its Advisory Committees acting on this matter certified that the Final Environmental Impact Report for the Eastside Reservoir Project, herein referred to as the Domenigoni Valley Reservoir Project, had been completed in compliance with the California Environmental Quality Act (CEQA) and the State Guidelines, and that it had reviewed and considered the information contained in that document. Your action on the subject resolution is therefore in compliance with CEQA. No further environmental documentation or review is necessary for your Board to act on this request.

Recommendation

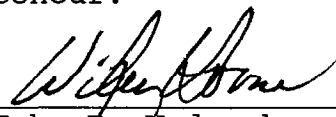

**LAND AND LEGAL AND CLAIMS COMMITTEES FOR ACTION.**

It is recommended that the Board of Directors, by a two thirds vote, adopt the attached resolution declaring the necessity for the project and for the property described in Exhibits A and B, attached thereto, and directing the General Counsel to commence condemnation proceedings in Riverside County to acquire the property.

STATEMENT OF GARY M. SNYDER IN SUPPORT OF  
RESOLUTION OF NECESSITY (DOMENIGONI VALLEY RESERVOIR PROJECT)

I, GARY M. SNYDER, declare:

1. I am chief engineer of The Metropolitan Water District of Southern California.

2. In order for Metropolitan to insure reliable delivery of water to its member public agencies for service to the public, it is necessary to construct, operate and maintain a water reservoir in Domenigoni Valley, Riverside County, California. Construction of the reservoir includes installation of a landscape screen as required by the Mitigation Plan for the Project.

3. The acquisition of the property described in the proposed resolution of necessity is necessary for the construction, operation and maintenance of the landscape screen. The property is located within Metropolitan's boundaries.

4. Metropolitan will require entry upon the property in order to be able to commence construction of the project.

5. So that it may be assured that Metropolitan will have possession and may proceed with the work, it is necessary that the resolution be adopted in order that an action may be commenced to condemn the property described in the proposed resolution of necessity, and a court order obtained authorizing Metropolitan to take possession of the property.

Executed in Los Angeles, on August 29, 1994.
