Loren E. Duff
EXECUTIVE SECRETARY

April 25, 1995

To: Board of Directors (Engineering and Operations committee--Action)
(Organization and Personnel Committee--Action)

From: General Manager

Subject: Authorization to Amend the Agreements with Bechtel Corporation by \$2,750,000 and Amend the Daniel Mann Johnson & Mendenhall Agreement by \$1,000,000 for an Increase in the Groundwater Monitoring and Geotechnical Investigation Programs

RECOMMENDATION:

It is recommended that the General Manager be authorized to amend the agreement with Bechtel Corporation, by \$2,750,000, not to exceed \$11 million and Daniel Mann Johnson & Mendenhall by \$1,000,000, not to exceed \$6.7 million, in form approved by the General Counsel for additional services for the San Bernardino Mountains segment and Riverside Badlands segment of the Inland Feeder Project.

John R. Wodraska
General Manager

General Manager

BRIEF DESCRIPTION:

In January 1994, your Board authorized the General Manager to enter into agreements with Bechtel Corporation for the amount of \$8.25 million and Daniel Mann Johnson & Mendenhall for the amount of \$5.7 million to perform geologic/geotechnical and design services for the San Bernardino Mountains tunnels and Riverside Badlands tunnels, respectively. The geotechnical and geological data gathered to date revealed unanticipated subsurface conditions in the geology and hydrogeology of both the San Bernardino Mountains and the Riverside Badlands tunnels. To properly characterize these areas, it is necessary to expand the geotechnical work as well as the groundwater monitoring, testing, and sampling on both agreements. Additional value engineering workshops will also be added to the program.

---	---	---

PURPOSE/BACKGROUND:

The Inland Feeder System will enable the delivery of water by gravity flow from the Department of Water Resources' Devil Canyon power plant facility near the City of San Bernardino to the San Diego Canal and the Colorado River Aqueduct near the City of Hemet, and into reservoirs within Metropolitan's service area.

MBE/WBE:

RFP No. 080 established certified Minority-Owned Business Enterprise (MBE) and certified Women-Owned Business Enterprise (WBE) participation goals at 12 percent and 3 percent. Bechtel Corporation has committed to achieve 16 percent MBE and 4 percent WBE participation; Daniel Mann Johnson & Mendenhall has committed to achieve 14.3 percent MBE and 4.7 percent WBE participation.

CEQA COMPLIANCE / ENVIRONMENTAL DOCUMENTATION:

Since your Board certified the Final Environmental Impact Report for the Inland Feeder Project on February 9, 1993, no further environmental documentation is required to proceed with implementation of this project.
