Attn: Joseph Vanderhorst
 Deputy General Counsel, Legal Department

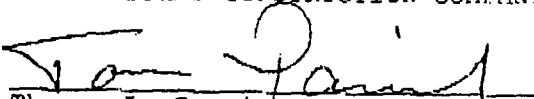

Dear Mr. Vanderhorst:

Pursuant to my telephone conversation with you this morning, I wish to advise you of the following:

- (a) We do not intend to appear at the hearing before the entire board tomorrow, March 12th, at 12:30 p.m.
- (b) We are not waiving any rights that we may have had had we appeared.
- (c) The reasons for our request that you come down the west side of Highway 330 rather than the east side with the new MWD pipe line, approximately an additional 600 yards, are the same reasons that I presented to you land committee in February of this year.

I will appreciate it if you will pass copies of this communication out to the board members and let this take the place of our presence.

Yours very truly,
 STUBBLEFIELD CONSTRUCTION COMPANY
