

MINUTES
ADJOURNED REGULAR MEETING OF THE
BOARD OF DIRECTORS
THE METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA
NOVEMBER 20, 2001

44666 The Board of Directors of The Metropolitan Water District of Southern California met in Adjourned Regular Meeting in the Board Room located in the building at 700 North Alameda Street in the City of Los Angeles, State of California, on Tuesday, November 20, 2001.

The Meeting was called to order by Chairman Pace at 11:11 a.m.

44667 The Meeting was opened with an invocation by Sgt. Robert Bracy, United States Army, California National Guard and California Counter Drug Task Force. Students from grades kindergarten to high school, whose artwork will be featured on Metropolitan's 2002 "Water is Life" calendar, then sang *America the Beautiful*.

44668 The Pledge of Allegiance to the Flag was given, led by Director James T. Edwards.

44669 Secretary Coughran called the roll. Those answering present were: Directors Abdo, Ashley, Ball, Barbosa, Brick, Castro, Coughran, Edwards, Fellow, Foley, Grandson, Harris, Hansen, Herman, Kwan, Lewis, Luddy, Morris, Mylne, Owen, Pace, Parker, Peterson, Stanton, Swan, Troxel, Wein, and Wright.

Those not answering were: Directors Bannister, Battey, Blake, Loveland, Mejia, Morse, Murph (entered 11:20 a.m.), Murray (entered 11:40 a.m.), and Rez.

The Chair declared a quorum present.

44670 On behalf of Metropolitan, the Chair presented Sgt. Bracy with a plaque honoring the Flag of America.

Vice Chair Peterson introduced Pam Lind, Executive Secretary of Las Virgenes Municipal Water District.

Director Ashley introduced Anthony Pack, the new General Manager of Eastern Municipal Water District.

Director Murph took her seat at 11:20 a.m.

44671 At 11:20 a.m., the Chair called a public hearing to receive comments on the proposed standby charge for the Mountain Cove Annexation to Upper San Gabriel Valley Municipal Water District.

No members of the public responded; and after tabulation of the ballots was completed, and with no protests filed, the Chair closed the public hearing at 11:21 a.m.

44672 Chairman Pace inquired if there were any additions to the agenda. There being none, the Chair declared only those matters listed on the agenda would be considered.

44673 Chairman Pace invited members of the public to address the Board on matters within the Board's jurisdiction.

Richard P. McKee, public citizen from the City of La Verne, expressed his concern whether the Directors were aware of his criticism relating to Brown Act violations by Metropolitan; namely, the requirements of public access and additions to the agenda. He stated that if the response from Metropolitan's Legal Department differed from his opinion, the only remedy remaining to a member of the public would be litigation. He wanted the Directors to be aware of the issues and that there were five days remaining in which to respond.

44674 The Chair presented to Assemblywoman Lynn Daucher a plaque for her efforts in authoring AB 901, a Metropolitan-sponsored bill that requires Urban Water Management Plans provide information relating to the water quality of source supplies and how that quality affects water management

strategies and supply reliability. Assemblywoman Daucher represents the 72nd District, which is located within Orange County and includes the cities of Anaheim Hills, Brea, Fullerton, La Habra, Placentia, Yorba Linda, and portions of Orange and Buena Park.

44675 Chairman Pace recognized the students from grades kindergarten to high school, their parents, teachers, and representatives from our member agencies and retail agencies. The students' artwork will be featured on Metropolitan's 2002 "Water is Life" calendar.

Director Murray took his seat at 11:40 a.m.

44676 Chairman Pace invited members of the public who wished to comment on Agenda Item 9-1, the boating policy for Diamond Valley Lake and Lake Skinner.

Comments in support of allowing all types of boating, to include gasoline-powered boats, on Diamond Valley Lake were heard from the following:

Lori Van Arsdale, councilmember, city of Hemet
Joan Good, councilmember, city of San Jacinto
Randy Record, board member, Eastern Municipal Water District
Pat Melvin, Valley Economic Development Corporation
David Whitefield, president, Hemet-San Jacinto Valley Chamber of Commerce

Steve Temple, city manager, city of Hemet
Kelly Salmans, San Diego Bass Council
Dan Tripp, resident of the city of Hemet
Gary Bradford, California Bass Chapter Federation
James M. Thompson, San Diego Bass Council

44677 There being no objection, the Chair ordered the reading of the Minutes of the Meetings of October 9 and 16, 2001, dispensed with, copies having been mailed to each Director.

Director Edwards moved, seconded by Director Stanton and carried, approving the foregoing Minutes as mailed.

Director Herman withdrew from the Meeting at 11:59 a.m.

44678 Director Parker moved, seconded by Director Blake and carried, authorizing the preparation of a Commendatory Resolution for former Director Francesca M. Krauel.

44679 Chairman Pace announced there were no new committee appointments.

44680 Director Hansen moved, seconded by Director Edwards and carried, approving a 30-day leave of absence for Director Wesley M. Bannister, commencing November 1, 2001.

44681 Chairman Pace reported on events in which he participated on behalf of Metropolitan, as follows: On October 25 the Chair, along with other Metropolitan Directors, attended the Southern California Water Committee annual dinner in which Director Owen was a recipient for a 2001 Lifetime Achievement Award. Due to conflicts in his calendar, other Directors represented the Chair at certain events. On October 31 Director Hansen and Board Executive Officer Ivey attended the Community Partnering Program for the Sacramento River Watershed in Sacramento. On November 8 Director Peterson attended the Princeton-Cordora-Glen and Provident Irrigation District's dedication ceremony in Sacramento.

Director Luddy withdrew from the Meeting at 12:01 p.m.

44682 Regarding the Colorado River, Bay-Delta and CALFED matters, and the summary of District activities, Chief Executive Officer Gastelum referred to his activity report signed November 15, 2001.

Mr. Gastelum reported that protests have been filed with the Bureau of Land Management (BLM) upon its issuance of the EIR/EIS for the Cadiz project. These protests have not yet been processed by the BLM. Mr. Gastelum anticipated that the BLM would have further information in December, at which time Metropolitan will have a better idea of the schedule and action to be taken by the BLM.

Mr. Gastelum made reference to his memo dated November 20, 2001, regarding dry-year option purchase and the actions being taken by Metropolitan on the dry-year options being offered by the Department of Water Resources. After analyzing the availability of additional supplies and based upon the existing supplies, Metropolitan is choosing not to participate in this dry-year option program at this time.

Mr. Gastelum also referred to his memo dated November 19, 2001, regarding the organizational changes in senior management. Ane Deister is leaving Metropolitan to become General Manager of El Dorado Irrigation District. Tim Worley, formerly of Three Valleys Municipal Water District, is the new Assistant Group Manager of External Affairs. Other changes are set forth in the memo.

44683 Director Swan moved, seconded by Director Murray and carried, that a certificate be prepared commending Ane Deister, Associate Vice President-Conservation Strategies, for her invaluable service at Metropolitan.

44684 Regarding the Legal Department activities, General Counsel Walston referred to his activity report dated October 31, 2001. Mr. Walston commented on the successful member agency legal counsel dinner where Professor Joe Sax from the Boalt Hall Law School at the University of California at Berkeley, spoke on current federal regulatory problems on the Colorado River.

In *San Diego County Water Authority, et al. v. Metropolitan, et al.* (Preferential Rights Case), Mr. Walston reported that Metropolitan filed a demurrer to the Authority's complaint. All briefs have been submitted, and oral argument before the Superior Court is set for December 3, 2001, in San Francisco.

In *Dewayne Cargill, et al. v. Metropolitan*, General Counsel Walston reported that the Court of Appeal's decision was adverse to Metropolitan's interests. The Court of Appeal held that Metropolitan must enroll in CalPERS any temporary worker who would be considered an employee under common law test even though that person was not hired through the Metropolitan civil service test and Metropolitan has not directly paid for the

compensation of that worker. Because this is considered a fairly striking departure from civil principles of law, Metropolitan intends to take this action to the California Supreme Court and ask that Court to grant a petition for review and consider the case on its merits. That petition will be due on November 26, 2001. Mr. Walston stated he anticipated a wide range of support from a number of other public agencies. To date, about 1,300 agencies have filed an *amicus* support in favor of Metropolitan's position.

Regarding Mr. Richard McKee's statement made earlier at the public hearing comment portion of the Meeting, Mr. Walston reported that Mr. McKee did send a letter stating that Metropolitan had a policy of violating the Brown Act under certain circumstances. The General Counsel has sent a letter to Mr. McKee, which he may not have received before making his comment, since the letter was only mailed yesterday. A copy of the letter to Mr. McKee will be provided all Directors to assure the Directors that Metropolitan is not violating the Brown Act.

Director Luddy returned to the Meeting at 12:06 p.m.

44685 The reports of the Standing Committees are as follows:

On behalf of the Executive Committee, Chairman Pace reported at its meeting of October 30, the committee approved Consent Calendar Items 8-6 through 8-8 relating to annexations, received and filed the report on Directors' expenses for the quarter, and heard reports from Directors Edwards and Foley. Director Edwards, Chair of the Subcommittee on Rules and Ethics, reported that Director George Battey who chaired the recruitment efforts for the Ethics Officer, is ill and will not be returning as a Metropolitan Director. The city of Burbank is in the process of selecting a new individual to take Director Battey's place on the Board. Director Edwards also reported that the Hawkins Group, the Executive recruiting firm, is moving forward with the recruitment of the Ethics Officer and the General Auditor. Director Foley gave a report on the activities of the Colorado River Board. Chief Executive Officer Gastelum gave an update on the EIR/EIS review process for the Cadiz project.

On behalf of the Audit, Budget and Finance Committee, Director Grandsen reported the committee approved Agenda Item 8-3 unanimously.

Engineering, Operations and Real Property Committee Chairman Barbosa reported the committee approved Agenda Items 8-1, 8-2, 9-5 and 9-7, and requested that Items 9-5 and 9-7 be added to the Consent Calendar.

Director Foley withdrew from the Meeting at 12:16 p.m.

Legal, Claims and Personnel Committee Vice Chairman Parker reported the committee approved Agenda Items 8-4, 8-5, 8-9, and 9-7 and requested that Item 9-7 be added to the Consent Calendar. The committee deferred Agenda Item 9-6, the oral report on *Metropolitan v. Campus Crusade for Christ*. The committee heard an oral report on Agenda Item 10-2, the *Cargill* case, and no action was taken.

Communications, Outreach and Legislation Committee Chair Hansen reported that Metropolitan's web site was awarded the "Golden Web Site Award" which is given to just a handful of sites internationally each year by the International Association of Web Masters and Designers. The award is given on the basis of design, originality, and content that has achieved levels of excellence and is essentially a "seal of approval" for meeting high standards in web site management. The committee heard a report from Director Peterson on the findings of the Subcommittee on Directors' Inspection Trips and Security, which recommended that the Board approve the findings of the prior Subcommittee on Inspection Trips. Staff was directed to implement the programs and amend the Administrative Code to reflect the changes. The Communications, Outreach and Legislation Committee voted unanimously to accept the report in full.

Water Planning, Quality and Resources Committee Chairman Owen reported the committee unanimously approved Agenda Items 9-2 and 9-4, and requested that they be added to the Consent Calendar. Agenda Item 9-3 was deferred with staff requested to consider revisions to the policy principles presented in the board letter and return to the committee at a future meeting.

Director Hansen moved, seconded by Director Grandsen and carried, and the Board approved the Consent Calendar Items, **M.I. 44686** through **M.I. 44698**, as follows:

44699 Director Stanton stated that putting boats on Diamond Valley Lake is two to three years from now, and that it was premature to vote on this matter at this time. A committee to consider the boating policy was appointed last month and has not yet received a report from staff. Director Stanton referred to the document dated November 15, 2001, regarding proposed policy recommendations that Director Mylne had provided to staff, a copy before each Director, and which have not been acted upon.
