Subject

Adopt resolution on property taxes for a redevelopment project in Riverside County

Description

Existing provisions in the Community Redevelopment Law permit redevelopment agencies to raise revenue through a procedure known as tax increment financing. This procedure freezes the assessed valuation on property in the redevelopment area. From that point forward, any property tax revenues resulting from an increase in assessed valuation do not flow to the various taxing agencies overlying the area. Instead, they are allocated to the redevelopment agency for the repayment of debt incurred by the agency for redevelopment projects.

This is done under the theory that, except for the redevelopment project, the assessed valuation of the blighted area encompassed by the redevelopment project would diminish or at best remain the same.

Sometimes, the growth in property tax revenues is not from rising valuations, but from tax rate increases enacted by one of the other taxing agencies. Under the provisions of the Community Redevelopment Law (California Health and Safety Code Section 33670), taxing agencies may be allocated the revenues attributable to tax rate increases, provided they adopt a resolution prior to the adoption of the redevelopment plan. Accordingly, staff has prepared the attached resolution ([Attachment 1](#)), which will apply to the First Amendment to Amended and Restated Redevelopment Plan for the Merged Downtown and Amended Project Area "A" Project Areas ("First Amendment") in Riverside County.

Policy

The adoption of tax allocation resolutions in accordance with the Community Redevelopment Law to obtain allocation of tax revenues on the incremental assessed valuation attributable to increases in Metropolitan's tax rate occurring after the base year.

California Environmental Quality Act (CEQA)

CEQA determination for Staff Recommendation:

The proposed action is not defined as a project under CEQA because it involves continuing administrative activities, such as general policy and procedure making (Section 15378(b)(2) of the State CEQA Guidelines). In addition, the proposed action is not subject to CEQA because it involves the creation of government funding mechanisms or other government fiscal activities, which do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment (Section 15378(b)(4) of the State CEQA Guidelines).

The CEQA determination is: Determine that the proposed action is not subject to CEQA pursuant to Sections 15378(b)(2) and 15378(b)(4) of the State CEQA Guidelines.

Staff Recommendation

Adopt the CEQA determination and resolution ([Attachment 1](#)), providing that Metropolitan elects to receive its portion of revenue from taxes levied on redevelopment property. These additional revenues are attributable to any increase in Metropolitan's base year tax rate applied to the incremental assessed value of the project property.

Fiscal Impact: Metropolitan will receive tax revenue on the incremental increase in the assessed valuation of the redevelopment area attributable to an increase in Metropolitan's tax rate which occurs after a redevelopment plan becomes effective.
