

- **1st Quarterly Report of Professional Service Agreements for the Fiscal Year 2005/06**

Summary

Pursuant to the Administrative Code Section 2720(c), the First Quarterly Report of Professional Service Agreements for the fiscal year 2005/06 is submitted in this report.

Attachments

The exhibits list agreements administered by the Department of the Chief Executive Officer that were recorded as active during the first quarter of the FY 2005/06. Under each exhibit, the agreements are listed alphabetically for the administering organization. Exhibit A lists agreements that are less than \$250,000 per year. Exhibit B lists agreements over \$250,000 per year. Exhibit C lists open but inactive agreements without contract period expenditures. Some agreements may have fiscal year-to-date expenditures but no expenditures for the reporting contract period. Those agreements are identified with an asterisk and the fiscal year expenditures are listed at the end of the agreement scope. Exhibit D lists agreements funded through outside grants. Exhibit E lists agreements terminated during FY 2005/06. The exhibits include agreements administered by the Legal Department for the Chief Executive Officer.

Detailed Report

The amount expended on professional services totaled \$17,102,271. This amount includes \$15,978,193 paid on agreements administered by the Department of the Chief Executive Officer and \$1,124,078 paid on agreements administered by the Legal Department.

During the first quarter of FY 2005/06 a total of 34 agreements were terminated and 480 agreements were reported as active for the Department of the Chief Executive Officer.

The Legal Department reported 58 active agreements during the first quarter of the fiscal year with no terminations. These agreements are reported in a separate listing by the Legal Department due to confidentiality.

Beginning with this quarterly report, non-professional services such as building maintenance, printing, and temporary labor services will no longer be included as part of this report as they do not constitute professional services.

There are no statutorily imposed procedures that Metropolitan must follow in selecting professional services consultants. Professional services are exempt from competitive bidding, and according to case law, should not be awarded on a cost basis alone.

Contracts not made as a result of competition were awarded in compliance with Administrative Code Section 8140 which excepts contracts under \$25,000; contracts which are for services in which the rates are fixed by governmental regulation; contracts with other governmental agencies; contracts for insurance; or contracts where competition would not provide an advantage for the District.
