

- 1st Quarterly Report of Professional Service Agreements for Fiscal Year 2007/08

## Summary

---

Pursuant to the Administrative Code Section 2720(c), the 1st Quarterly Report of Professional Service Agreements for FY 2007/08 is submitted in this report.

## Attachments

---

The exhibits list agreements administered by the Department of the General Manager that were recorded as active during the first quarter of FY 2007/08. Under each exhibit, the agreements are listed alphabetically for the administering organization. Exhibit A lists active agreements that are less than \$250,000 per year. Exhibit B lists active agreements over \$250,000 per year. Exhibit C lists open but inactive agreements without contract period expenditures. Some agreements may have fiscal year-to-date expenditures but no expenditures for the reporting contract period. Those agreements are identified with an asterisk and the fiscal year expenditures are listed at the end of the agreement scope. Exhibit D lists active agreements funded through outside grants. Exhibit E lists agreements terminated during the first quarter of FY 2007/08. The exhibits include agreements administered by the Legal Department for the General Manager.

## Detailed Report

---

The amount expended on professional services totaled \$21.4 million. This amount includes \$20.4 million paid on agreements administered by the Department of the General Manager and \$1 million paid on agreements administered by the Legal Department.

During the first quarter of FY 2007/08, a total of 36 agreements were terminated and 468 agreements were reported as active for the Department of the General Manager.

The Legal Department reported 41 active agreements during the first quarter of the fiscal year with 7 terminations. These agreements are reported in a separate listing by the Legal Department due to confidentiality.

There are no statutorily imposed procedures that Metropolitan must follow in selecting professional services consultants. Professional services are exempt from competitive bidding, and according to case law, should be awarded on the basis of qualifications and quality of work, not just cost.

Contracts not made as a result of competition were awarded in compliance with Administrative Code Section 8140, which exempts contracts under \$25,000; contracts for services whose rates are fixed by governmental regulation; contracts with other governmental agencies; contracts for insurance; or contracts where competition would not provide an advantage for the District.

## Quarterly Professional Services Agreements Report

### Agreement Detail (Exhibit A)
