

● **Organizational Membership Information**

Summary

Organizational memberships of The Metropolitan Water District of Southern California for fiscal year 2009/10

Attachments

Attachments 1, 2, and 3

Detailed Report

Metropolitan holds memberships in various organizations that support its mission, policies, water management priorities and operational objectives. A complete listing of all memberships is included in [Attachment 1](#). The total cost of dues or fees for all organizations was approximately \$5.1 million.

This includes memberships in the organizations for which Metropolitan has contractual rights: the State Water Contractors Dues (\$1,076,920), the State Water Contractors Energy Fund (\$409,298), the State Water Contractors Bay-Delta Fund (\$1,282,941), and the State Water Project Contractors Authority (\$233,079).

Metropolitan also holds memberships in three other organizations with annual dues of \$100,000 or more: the American Water Works Association Research Foundation (\$502,250), California Urban Water Conservation Council (\$246,030), and the Colorado River Board-Six Agency Committee, this year's annual assessment is \$577,728. Additionally, Metropolitan is a member of nine organizations with annual membership fees in the range of \$25,000 to \$99,999.

Descriptions of the organizations referenced above are included in [Attachment 2](#).

In summary, the organizations in which Metropolitan holds memberships include a broad range of groups that works with or supports Metropolitan regarding water quality, supply, operations, purchasing, construction, engineering, human resources, finances, external affairs and law. Some of these organizations also provide assistance in providing input into the regulatory and legislative processes and serve as sources for disseminating information about Metropolitan and its views to other agencies.

A summary and description of each organization is included in [Attachment 3](#).

FY 2009/10 Memberships By Group

METROPOLITAN WATER DISTRICT OF SOUTHERN CALIFORNIA**MEMBERSHIP DUES \$100,000 or Greater****American Water Works Association Research Foundation (AWWARF) [Research]**

AWWARF is a nonprofit corporation, established in 1967, to promote, coordinate, and finance applied research in the operation and management of public water supply systems. Metropolitan has benefited from AWWARF's program in a number of areas including the Information Collection Rule, the Disinfectants/Disinfection By-Products (D/DBP) Rule, the Enhanced Surface Water Treatment Rule, taste and odor control strategies and detection and treatment of microbial pathogens. The subscription fee is \$502,250 for water quality programs. Metropolitan has participated in AWWARF since 1986. *[Water System Operations]*

California Urban Water Conservation Council (CUWCC) [Membership]

Metropolitan is a signatory to the 1991 Council's Memorandum of Understanding, voluntarily committing to a good faith effort to implement a prescribed set of urban water conservation "Best Management Practices." At the request of the member agencies, Metropolitan has agreed to cost share the Southern California region's annual dues. Membership dues are \$236,991 {\$15,000 Metropolitan portion; and 50% of member agency council dues or \$221,991}. *[Water Resource Management]*

Colorado River Board -- Six Agency Committee [Contractual Rights]

Created in 1950, the Committee's primary function is to support the Colorado River Board (CRB) through the collection and administration of funds that are used by the CRB staff for purposes that will secure the represented agencies' rights and interests in Colorado River system water and power resources. Metropolitan has contributed to the fund since its inception. This year's assessment was \$577,728. *[Water Resource Management]*

State Water Contractors (SWC) [Contractual Rights]

Metropolitan is a member of the State Water Contractors (SWC), an association that safeguards the rights and promotes the interests of Metropolitan and 26 other State Water Project (SWP) contractors. Specifically, the SWC assure proper and effective operation of the SWP; protect and acquire necessary water rights for the SWP; present the view of the SWC to the Legislature, administrative agencies, and the public; conduct related studies on the SWP; and address specific issues through special funds. Metropolitan's FY 2009/10 billing is (1) \$1,076,920 membership dues, (2) \$409,298 for the Energy Fund, and (3) \$1,282,941 for the Bay-Delta Fund. Total dues are \$2,769,159. Metropolitan has participated in the SWC since 1982. *[Water Resource Management]*

State Water Project Contractors Authority (SWPCA)

The purpose of the SWPCA is to establish a framework for the future provision of various services to DWR. They include operation and maintenance of portions of the SWP, the acquisition and operation of related facilities such as water and water rights, and other project-related services, provide benchmarking, risk management and power scheduling system implementation services. Joining the SWPCA gives Metropolitan a greater say in the management, operation and maintenance of the SWP, potentially resulting in greater operating efficiencies and reduced costs. Membership fees: \$233,079. *[Water Resource Management]*

MEMBERSHIP DUES \$25,000 - \$99,000**Alliance for Water Efficiency**

The Alliance for Water Efficiency is a 501 (c)(3) non-profit organization dedicated to the efficient and sustainable use of water. It serves as a North American advocate for water-efficient products and programs, and provides information and assistance on water-conservation efforts. Metropolitan is an active member of this organization. Alliance for Water Efficiency shares many of the same issues as Metropolitan and has been an active supporter of water-related issues. Membership fees: \$25,000. *[External Affairs]*

Association of California Water Agencies

Association of California Water Agencies is the largest and oldest coalition of water agencies. Provides forum for exchange and dissemination of information and knowledge to support or oppose legislation, both at federal and state levels. Membership fees: \$34,800. *[External Affairs]*

California Council for Environmental and Economic Balance (CCEEB)

CCEEB was founded in 1973 as a coalition of California business, labor and public leaders who work together to advance collaborative strategies for a sound economy and a healthy environment. The Board has equal representation for its three constituencies. Group provides effective working relationships with key legislators, the executive branch, management and staff of federal, state and local regulatory agencies, environmental groups and community groups. Metropolitan has participated in CCEEB since 1994. Membership fees: \$26,200. *[Water System Operations]*

California Institute of Technology, Office of Earthquakes (Mandated)

Broadcast system automatically reports earthquakes recorded by the 350-station Southern California seismograph network operated by the US Geological Survey and the California Institute of Technology (Caltech), Office of Earthquakes; also known as CalTech USGS Broadcast of Earthquakes (CUBE). Assessment is \$25,000. *[Water System Operations]*

California Municipal Utilities Association (CMUA)

CMUA has represented publicly owned water, gas and electric utilities throughout California since 1933 and is the only association, which combines these important utility services. CMUA is also the only lobbying association, which concentrates on urban water issues to the exclusion of agricultural issues. Metropolitan joined CMUA in September 1946. Metropolitan's Sacramento office works closely with CMUA staff. CMUA and its member electric utilities have also been actively engaged in the establishment, transition phases, operations, and future of the California Independent System Operator (ISO). Metropolitan uses CMUA to increase the support and assistance with water issues as well as the evaluation of proposed energy regulations and legislation. These efforts related to the electrical industry are supported by a special assessment. Membership fees: \$81,216. *[Water System Operations]*

California Urban Water Agencies (CUWA)

The California Urban Water Agencies (CUWA) is a non-profit corporation formed in 1990. The mission is to provide a forum for combining the expertise and resources of its member agencies to study and promote the need for a reliable, high quality water supply for the state's current and future urban water needs. Metropolitan has participated in CUWA since its inception. Membership dues: \$54,000. *[Water Resource Management]*

LA Economic Development Corporation - (Fiduciary Agency for: Southern CA Leadership Council – SCLC)

Founded in 2005, SCLC's objective is to help enable public sector officials, policy makers and other civic leaders to address and solve public policy issues critical to the region's economic vitality and quality of life. SCLC has chosen water as one of its key initiatives for the next two years. Because of the critical nature of water policy in this juncture in California, working with the SCLC on water could be very beneficial in advancing Southern California's interests.

Membership fees: \$25,000. [*External Affairs*]

Underground Service Alert **(Mandated)**

According to California law, every operator of an underground pipeline (or other underground facility) is mandated to participate and share the costs for a regional notification center. This provides a free call service for public and private excavators at a work site. In response, Metropolitan will ascertain clearance to dig, then mark or stake the horizontal path. Underground Service Alert provides simple, safe information to protect the pipeline from being damaged and the excavator from personal injury. Membership assessment is \$49,858. [*Corporate Resources Group*]

Water Education Foundation

Provides broad water education programs, such as the Colorado River project, a one-year water leader class, water law policy briefings, and others. Membership fees: \$23,866. [*External Affairs*]

WaterReuse Foundation

The WaterReuse Foundation is a nonprofit research organization comprised of public water and wastewater agencies, and private consulting firms. The Foundation is dedicated to advancing the science of water recycling and desalination. It provides research funding and supports efforts to create new sources of high quality water while protecting public health and the environment. Current research projects involve emerging water treatment technology and management practices. As a member, Metropolitan would sit on its board and have the opportunity to influence future research activities to address water challenges within our region. As a point of clarity, the WaterReuse Association is a separate but related advocacy organization of which Metropolitan is a long-standing member. Membership fees: \$25,000. [*Water Resource Management*]

Western Urban Water Coalition (WUWC)

WUWC was established in 1992 by a group of general managers of the largest urban water utilities in the West. The WUWC members share common interests, including water conservation; the need for regional, as well as local, solutions to meet future water supply demands and comply with environmental law; and the shared need for project financing or appropriations from the federal government. Because of its broad, multi-state political base, it is more effective than its members could be on their own in addressing its initiatives in Washington, D.C. Metropolitan has been a member of WUWC since its inception.

Membership fees are \$25,000. [*Water Resource Management*]

MEMBERSHIP DESCRIPTIONS**Fiscal Year 2009/10****Alliance for Water Efficiency **\$25,000****

The Alliance for Water Efficiency is a 501(c)(3) non-profit organization dedicated to the efficient and sustainable use of water. It serves as a North American advocate for water-efficient products and programs, and provides information and assistance on water-conservation efforts.

Metropolitan is an active member of this organization. Alliance for Water Efficiency shares many of the same issues as Metropolitan and has been an active supporter of water-related issues. *[External Affairs]*

American Concrete Institute **\$1,295**

Founded in 1905, American Concrete Institute was established to provide a readily available source of information and staff assistance to its members and the engineering profession by gathering and disseminating information about the properties and application of concrete and reinforced concrete and their constituent materials. The institute also assists in solving difficult problems relating to design, testing procedures, specification preparation, construction techniques, and maintenance of concrete products and structures. All information developed by the institute is continually updated, providing the latest information on the most efficient concrete materials and their uses. Metropolitan has been a member for 20 years and engineers have utilized much of the data contained in the Institute's publications. *[Corporate Resources]*

American Institute of Certified Public Accountants (AICPA) **\$400**

AICPA is the national, professional organization for all Certified Public Accounts (CPA). Its mission is to provide members with the resources, information, and leadership that enable them to provide valuable service in the highest professional manner to benefit the public as well as employers and clients. In fulfilling its mission, the AICPA works with state CPA organizations and gives priority to those areas where public reliance on CPA skills is most significant. *[Office of the General Auditor]*

American Production and Inventory Control Society (APICS) **\$200**

APICS is a source of knowledge and expertise for manufacturing and service industries across the entire supply chain in such areas as materials management, information services, purchasing and quality. APICS provides production, inventory, and integrated resource management educational programs that advance organizational success in a changing marketplace. *[Corporate Resources]*

American Public Power Association (APPA) **\$6,062**

APPA primarily monitors and analyzes federal electrical activities and alerts its members to pending federal legislation. APPA provides Metropolitan with information and assistance with federal energy legislation and regulations including mandatory reliability standards. APPA takes a leadership role in advancing public power's position in the national debate on status and future of federal hydroelectric generation and the agencies that administer federal energy and transmission contracts. APPA has periodically provided Metropolitan with information and alerted staff to specific items that could have a direct impact on Metropolitan's electrical operations. *[Water System Operations]*

American Society of Agricultural Engineers **\$153**

ASAE is an international scientific organization whose goals are to advance the science and art of engineering in agriculture, to advance the standards of agricultural engineering, and to encourage

the professional development of its members. The soil and water division of ASAE deals with water resources as it relates to irrigation, water quality, and water resource development and conservation. [*Water Resource Management*]

American Society of Nondestructive Testing **\$250**

The ASNT is the world's largest technical society for nondestructive testing (NDT) professionals. It provides a forum for exchange of NDT technical information; NDT educational materials and programs; and standards and services for the qualification and certification of NDT personnel. ASNT promotes the discipline of NDT as a profession and facilitates NDT research and technology applications. Founded in 1941, the 9,000 members represent a wide cross-section of NDT practitioners working in manufacturing, construction, education, research, consulting, services, and the military. [*Corporate Resources*]

American Society of Safety Engineers **\$60**

Founded in 1911, ASSE is the oldest and largest professional safety organization. Its more than 30,000 members manage, supervise, and consult on safety, health, and environmental issues in industry, insurance, government, and education. ASSE has 12 practice specialties and provides for professional development networking conferences and governmental legislative affairs. [*Water System Operations*]

American Society of Training and Development **\$720**

Founded in 1944, ASTD is a professional association and leading resource on workplace learning and performance issues. ASTD provides information, research, analysis and practical information derived from its own research, the knowledge and experience of its members, its conferences, expositions, seminars, publications and the coalitions and partnerships it has built through research and policy work. ASTD's membership includes more than 70,000 people, working in the field of workplace performance in 100 countries worldwide. [*Human Resources*]

American Water Works Association **\$21,386**

AWWA is an international organization dealing with procurement, treatment, and delivery of water. It is the principal association of the water industry. The local unit is the California-Nevada section. A number of Metropolitan employees are members of the Association and are actively involved in the activities of the Association on the international and national level. Metropolitan has been a member since August 1944. [*Water System Operations*]

American Water Works Association Research Foundation **\$505,000**

AWWARF is a nonprofit corporation, established in 1967, to promote, coordinate, and finance applied research in the operation and management of public water supply systems. Metropolitan has benefited from AWWARF's program in a number of areas including the information collection rule, the disinfectants/disinfection by-products rule, the enhanced surface water treatment rule, taste and odor control strategies and detection and treatment of microbial pathogens. [*Water System Operations*]

American Welding Society **\$600**

Recognized as welding's leading authority, American Welding Society (AWS) is committed to excellence. AWS offers numerous certifications, programs, services, conferences and education for the welding professional—from welder to engineer; employer to employee; domestic to international. [*Corporate Resources*]

Asian American Architect & Engineers Association **\$320**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Business Outreach]*

Asian Business Association – Los Angeles **\$700**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Business Outreach]*

Asian Business Association – Orange County **\$1,500**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Business Outreach]*

Asian Business Association – San Diego **\$1,000**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Business Outreach]*

Associated General Contractors of California **\$500**

ACG of California, the voice of the construction industry since 1920, is an organization of responsible construction firms and industry-related companies dedicated to skill, integrity and responsibility in improving our physical environment. *[External Affairs]*

Association for Practical & Professional Ethics **\$115**

The APPE facilitates communication and joint ventures among centers, schools, colleges, business and non-profit organizations and individuals concerned with the interdisciplinary study and teaching of practical and professional ethics. *[Ethics Office]*

Association for Advancement of Cost Engineers (AACE) **\$130**

AACE enables organizations around the world to achieve their investment expectations by managing and controlling projects, programs, and portfolios. It also creates value by advancing technical knowledge and professional development among its members and provides discounts on publications and opportunities to interact with other organizations, and exchange ideas or best practices on improving construction cost estimating. *[Corporate Resources]*

Association of California Water Agencies **\$34,800**

Association of California Water Agencies is the largest and oldest coalition of water agencies. Provides forum for exchange and dissemination of information and knowledge to support or oppose legislation, both at federal and state levels. *[External Affairs]*

Association of Certified Fraud Examiners **\$125**

The ACFE provides anti-fraud training and education to more than 37,000 members. The ACFE aims to reduce business fraud world-wide and inspire public confidence in the integrity and objectivity within the profession. *[Office of the General Auditor]*

Association of Commuter Transportation (ACT) **\$375**

ACT supports individual mobility management professionals and organizational members in their efforts to reduce traffic congestion, conserve energy, and improve air quality. *[Corporate Resources]*

Association of Environmental Professionals **\$140**

The AEP is a non-profit organization which includes environmental science, resource management, and environmental planning professionals. AEP is dedicated to the enhancement, maintenance and protection of the natural and human environment. Formed in the mid-1970s the organization has been closely linked with the upkeep of the California Environmental Quality Act. *[Corporate Resources]*

Association of Metropolitan Water Agencies (AMWA) **\$18,490**

AMWA is an organization of the largest publicly owned drinking water systems in the United States. AMWA's membership serves more than 120 million Americans with drinking water from Alaska to Puerto Rico. AMWA is the nation's only policy-making organization solely for metropolitan drinking water suppliers. The association was formed in 1981 by a group of general managers of metropolitan water systems who wanted to ensure that the issues of large publicly owned water suppliers would be represented in Washington, D.C. Member representatives to AMWA are the general managers and CEOs of these large water systems. The Association represents the interests of these water systems by working with Congress and the federal agencies to ensure safe and cost-effective federal drinking water laws and regulations that protect public health. *[Water System Operations]*

Association of Records Managers and Administrators **\$300**

Established in 1955, Association of Records Managers and Administrators (ARMA) has 10,000 members including records managers, archivists, corporate librarians, imaging specialists, legal professionals, IT managers, consultants, and educators, all of whom work in a wide variety of industries, including government, legal, healthcare, financial services, and petroleum in the United States, Canada, and 30-plus other countries. The association develops and publishes standards and guidelines related to records management. *[Corporate Resources]*

Association of Water Agencies of Ventura County **\$1,500**

Association of Water Agencies of Ventura County (AWAVC) is an association of water agencies and concerned water users, providing joint leadership in coordination of regional water resources for Ventura County. The AWAVC's goal is to provide an environment that fosters voluntary cooperation among the water agencies, resulting in conjunctive management of Ventura County's water resources and a reliable, quality supply of water. The association's role is to facilitate opportunities for water agencies to come together, identify common interests and objectives and promote their success. *[External Affairs]*

Association of Women in Power, Inc. **\$2,100**

The Association of Women in Power is a 501(c)(3) organization that has been formed to advance the education of women in the fields of energy, water and the environment and to provide educational forums through which women in these fields can learn, share and increase their knowledge of issues in these sectors. *[Business Outreach]*

Black Business Association **\$2,000**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or serve as subcontractors for purchasing, professional or construction services. *[Business Outreach]*

Building Industry Association of Riverside County- Government Affairs Conference Program Southern California **\$750**

The Building Industry Association of Riverside County offers its members networking opportunities, educational programs, activities, and events. It also manages a public information and advertising campaign on industry-wide issues. *[External Affairs]*

Building Industry Association of San Diego **\$595**

BIA-SDC, established in 1938, is a non-profit trade association that represents the legislative and business interests of 1,450 member companies and their 165,000 employees. BIA offers its members networking opportunities, educational programs, activities, and events. It also manages a public information and advertising campaign on industry-wide issues. *[External Affairs]*

Building Industry Association of Southern California **\$4,408**

The BIA - SC is a nonprofit trade association representing 1,800 member companies with more than 250,000 employees. The mission is to promote and protect the industry to ensure members' success in providing homes for all Southern Californians. Working with this group, Metropolitan seeks to encourage plumbing and landscape water conservation measures being built into new homes. *[External Affairs]*

Building Owners & Managers Association **\$1,401**

BOMA is a source of information on office building development, leasing, building operating costs, energy consumption patterns, local and national building codes, legislation, occupancy statistics and technological developments. 3 Memberships *[Real Property Development and Management]*

California Association of Public Purchasing Officials **\$260**

CAPPO was formed in 1915 as a nonprofit organization dedicated to maintaining the highest standards of professional and ethical conduct in public purchasing. CAPPO's members exchange purchasing ideas in efforts to resolve unique, specific, or general problems affecting California's public agencies. CAPPO strives to increase knowledge, improve techniques and promote exemplary ethics of each individual procurement officer-serving jurisdictions across the state. *[Corporate Resources]*

California Council for Environmental & Economic Balance **\$26,200**

CCEEB membership consists of business, labor and public leaders working together, including virtually every major industry sector, organized labor, and key public and civic organizations. CCEEB is concerned with developing programs to balance environmental and economic issues including air pollution, hazardous material and waste management and comprehensive fiscal and governance reform. Metropolitan joined CCEEB in April 1977. The General Manager represents Metropolitan in CCEEB general membership activities. *[Water System Operations]*

California Emergency Services Association (CESA) **\$170**

CESA was founded in 1965 with the mission of preserving and protecting property through emergency preparedness and disaster mitigation. Membership is composed of emergency managers and planners from all levels of government (city, county, state, federal, special

districts), hospital/medical professionals, education representatives, public service organizations, business/industry emergency planners and other individuals interested in this field. *[Water System Operations]*

California Foundation on the Environment & the Economy (CFEE) **\$18,000**

CFEE is an independent, nonprofit institution dedicated to educating public and private sector decision makers on, and developing creative solutions to California's complex economic, environmental and social issues. Recognized as a highly effective public policy forum, the foundation brings together senior executive from California's major corporations, statewide labor leaders, and the leading advocates from environmental and consumer organizations to meet with legislators and regulatory officials in an atmosphere of non-adversarial cooperation. The foundation seeks full exploration of controversial issues in a manner that transcends adversarial relationships by encouraging the development of common interests and workable policies rather than institutionalized conflict. *[External Affairs]*

California Institute for Federal Policy **\$2,000**

Metropolitan's membership in this multi-interest-based California-oriented organization has proven very effective in various efforts to promote national attention to Metropolitan's legislative initiatives before Congress. One advantage, in particular, that the institute has given Metropolitan and its other DC members is the opportunity to work through the organization to sponsor and promote congressional briefing for both the House and Senate. *[External Affairs]*

California Institute of Technology, Office of Earthquakes **\$25,000**

Nicknamed "CUBE" for the CalTech US Geological Survey of Broadcast of Earthquakes, this is a joint research project with Caltech, the USGS, private sector partners, and state and local government agencies. The main goal of the CUBE project is to develop a real-time notification system for earthquake information. Caltech and the USGS jointly operate a network of seismic monitoring instruments which continuously relay ground motion information to the Seismological Laboratory in Pasadena. The network is made up of both analog and digital seismometers and strong ground motion instruments located at approximately 250 sites throughout Southern California and is collectively known as the Southern California Seismic Network (SCSN). This network is the source of the data broadcast by the CUBE system. *[Water System Operations]*

California Land Surveyors Association (CLSA) **\$1,699**

The purpose of CLSA is to promote the common good and welfare of its members in their activities in the profession of land surveying, to promote and maintain the highest possible standards of professional ethics and practices, to promote professional uniformity, to promote public faith and dependence in the land surveyors and their work. *[Corporate Resources] [Real Property Development and Management]*

California Municipal Utilities Association (CMUA) **\$81,216**

CMUA has represented publicly owned water, gas and electric utilities throughout California since 1933 and is the only association, which combines these important utility services. CMUA is also the only lobbying association, which concentrates on urban water issues to the exclusion of agricultural issues. Metropolitan joined CMUA in September 1946. Metropolitan's Sacramento office works closely with CMUA staff. CMUA and its member electric utilities have also been actively engaged in the establishment, transition phases, operations, and future of the California Independent System Operator (ISO). Metropolitan uses CMUA to increase the support and assistance with water issues as well as the evaluation of proposed energy regulations and

legislation. These efforts related to the electrical industry are supported by a special assessment. *[Water System Operations]*

California Public Employers Labor Relations Association (CALPELRA) **\$350**

This is the largest organization of its type in California and provides an annual training conference, as well as periodic legislative and legal updates throughout the year on Labor Relations matters. CALPELRA also offers a comprehensive training academy for public agency staff. At least two Employee Relations staff members have taken academy courses in the past, and another is currently doing so. *[Human Resources]*

California Society of Certified Public Accountants (CSCPA) **\$1,185**

CSCPA is the state organization for CPAs; it provides educational opportunities and local resources. It also makes available valuable information to the audit department on new developments in auditing. *[Office of the General Auditor] [Office of the Chief Financial Officer]*

California Special Districts Association **\$1,088**

CSDA is committed to educating all policy leaders on the vital role special districts play in delivering public services to California citizens. In addition, CSDA brings to the forefront, issues of importance to local government agencies. *[External Affairs]*

California Stormwater Quality **\$2,200**

Regulatory support for storm water issues. A group of private, public, and regulatory entities that address legislative and regulatory issues for storm water. *[Water System Operations]*

California Urban Water Agencies **\$60,000**

Metropolitan is a member of the California Urban Water Agencies (CUWA), a forum to develop technical information and communicate urban viewpoints for the management of California's water supplies. CUWA promotes the need for a reliable, high-quality water supply for the state's current and future urban water needs. Metropolitan benefits from this unified urban viewpoint on California's water supplies. *[Water Resource Management]*

California Urban Water Conservation Council (CUWCC) **\$246,030**

Metropolitan is a signatory to the 1991 California Urban Water Conservation Council Memorandum of Understanding, as amended, voluntarily committing to a good faith effort to implement a prescribed set of urban water conservation "Best Management Practices." Since then, Metropolitan has directly implemented regional BMP programs as well as providing financial support for locally managed conservation programs. At the request of the member agencies, Metropolitan has agreed to cost share the Southern California region's annual dues. Membership dues are \$246,030 {\$15,000 Metropolitan portion; and 50% of member agency council dues or \$231,030}. *[Water Resource Management]*

California Utilities Emergency Association **\$9,068**

CUEA was formed as a Joint Powers Authority in 1953 to provide coordination between utilities and state during a major disaster. CUEA, a nonprofit corporation since 1997, enables full participation by investor-owned utilities. CUEA ensures that during a major disaster, each utility will manage its own affairs in coordination with the state Office of Emergency Services. Major utility participants include Metropolitan, Southern California Edison, Pacific Gas and Electric, GTE, San Diego Gas and Electric, The Gas Company, MCI, Los Angeles Department of Water & Power, East Bay Municipal Utilities District and Sacramento Municipal Utilities District. *[Water System Operations]*

California Water & Environmental Modeling Forum (CWEMF) \$2,000

CWEMF is a modeling clearinghouse that provides an open forum for the exchange/improvement/pooling of models/modeling information/professional resources; mediating technical disputes involving physical/chemical/biological/economic modeling. [*Water Resource Management*]

Central Cities Association \$12,000

Central Cities Association, founded in 1924, is primarily an advocate for the downtown business communities. With a membership of 250 of Southern California's major organizations, the association's interests encompass a variety of issues of regional, statewide, national, and international concerns. Central City Association provides research informational services, maintains close liaison with various governmental agencies, and is actively involved in the legislative process. The association has identified water supply as crucial to maintaining and improving Los Angeles and Southern California's economy, and it has supported Metropolitan on major state water legislation. [*Real Property Development and Management*]

Chambers of Commerce

In addition to its corporate affiliates, Metropolitan has memberships in various regional and individual chambers throughout its service territory. When selecting which groups to join, Metropolitan looks for associations that are active in their communities and support water issues that align with its mission statement and policy principles. Participation in the various chambers of commerce provides Metropolitan an opportunity to express concerns on water issues via a forum of business and civic leaders. Our memberships, on occasions, have resulted in support for water legislative issues from the different chambers.

American Indian Chamber of Commerce \$2,000

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. [*Business Outreach*]

SHRM provides education and information services, conferences and seminars, government and media representation, online services and publications to more than 165,000 professional and student members throughout the world. *[Human Resources]*

Society for Maintenance & Reliability Professionals (SMRP) **\$1,250**

SMRP is an independent, not-for-profit professional society formed by practitioners, for practitioners. SMRP is dedicated to instilling excellence in M&R in all types of manufacturing and service organizations, and promoting maintenance excellence worldwide. SMRP membership is over 2900 members. *[Water System Operations]*

Society for Technical Communication **\$200**

STC is an individual membership organization dedicated to advancing the arts and sciences of technical communication. It is the largest organization of its type in the world. Its 18,000 members include technical writers and editors, content developers, documentation specialists, technical illustrators, instructional designers, academics, information architects, usability and human factors professionals, visual designers, Web designers and developers, and translators - anyone whose work makes technical information available to those who need it. *[Corporate Resources]*

Society of National Archivists (SNA) **\$45**

Society of American Archivists is North America’s oldest and largest national archival professional association. SNA’s mission is to serve the educational and informational needs of individual and institutional members and to provide leadership to ensure the identification, preservation, and use of records of historical value. *[Corporate Resources]*

Southern California Alliance of Publicly Owned Treatment Works **\$2,697**

Southern California Alliance of Publicly Owned Treatment Works (SCAP) is an association of cities, special districts and other public agencies formed to concentrate their resources to ensure the passage of reasonable local, state and federal regulations and legislation impacting publicly-owned waste water dischargers. Metropolitan has entered into an agreement with SCAP and the Southern California Air Quality Management District to complete a critical project to test architectural coatings to determine the technical feasibility of recent SCAQMD regulatory changes. *[Water System Operations]*

Southern California Association of Non-Profit Housing **\$275**

Dedicated to the development, preservation and management of permanently affordable housing for low-income people. Founded in 1989, it serves seven Southland counties. Members include non-profit housing developers, social service agencies and community groups, private businesses, local government agencies, lenders, and individuals all engaged with affordable housing. *[External Affairs]*

Southern California Contractors Association **\$1,000**

SCCA is a leader in labor negotiations with the major trade union locals in Southern California, coordinating with other associations. This practice has resulted in successful, long-term relationships with the trades that resolve issues equitably for all parties. SCCA is the southern California state chapter of the American Road and Transportation Builders Association, an advocacy group for improving our nation's transportation infrastructure. *[External Affairs]*

Southern California Labor Relations Council **\$200**

Coalition of union organizations plus government and business affiliates who meet to discuss Southland labor issues. *[Human Resources]*

Southern California Leadership Council - SCLC (aka Los Angeles County Economic Development Corporation) **\$20,000**

Founded in 2005, SCLC's objective is to help enable public sector officials, policy makers and other civic leaders to address and solve public policy issues critical to the region's economic vitality and quality of life. SCLC has chosen water as one of its key initiatives for the next two years. Because of the critical nature of water policy in this juncture in California, working with the SCLC on water could be very beneficial in advancing Southern California's interests. *[External Affairs]*

Southern California Public Management Association (SCPMA) **\$25**

SCPMA was founded in 1940 as Chapter II of the International Public Management Association for Human Resources and is currently the largest chapter of IPMA-HR, the global leader in human resources in public management with chapters throughout the United States, Canada, Europe and South Africa. SCPMA offers tools, resources, and information unique to the public sector for human resources professionals. It provides training, seminars and networking opportunities on current events and hot topics. *[Human Resources]*

Southern California Salinity Coalition **\$10,000**

In April 2002 the Southern California Salinity Coalition was officially incorporated as a non-profit organization formed to provide a means of coordinating the efforts of stakeholders to address the critical need to remove salt from water supplies and preserve water resources, in the best interests of California and its citizens. Stakeholder include 12 member agencies: the Santa Ana Watershed Project Authority, Calleguas Municipal Water District, Central and West Basins Municipal Water Districts, City of Los Angeles Department of Water and Power, Inland Empire Utilities Agency, Irvine Ranch Water District, Los Angeles County Sanitation District, Metropolitan Water District of Southern California, Mojave Water Agency, Orange County Sanitation District, Orange County Water District, and the Water Replenishment District of Southern California. National Water Research Institute serves as organizational administrator. *[Water Resource Management]*

Southern California Water Committee **\$10,000**

Forum for eight Southern California counties (Los Angeles, Orange, San Diego, San Bernardino, Riverside, Ventura, Kern, and Imperial) in addition to 200 members, representing business, government, water agencies and private citizens. Focus on securing adequate, reliable, affordable, quality supply of water for all California. *[External Affairs]*

State Bar of California **\$8,200**

Membership is mandatory for all attorneys who practice law in California. State law created this professional organization. It provides for testing, certification, and discipline of all California attorneys. *[Office of the General Counsel]*

State Water Contractors, Inc. Dues (June-09 Brd Ltr #8-60.) **\$2,769,159**

SWC is an association that safeguards the rights and promotes the interests of Metropolitan and the 26 other State Water Project (SWP) contractors. The SWC promotes the interests of its members by assuring proper and effective operation of the SWP; protecting and acquiring the necessary water rights from the SWP; presenting the SWC membership's view to the state legislature, administrative agencies and the public; and conducting related studies on the SWP. In this upcoming fiscal year, the SWC will increase its activities to help support intensifying efforts to solve fishery issues, garner public support, and resolve legal disputes surrounding the Bay-Delta. Metropolitan's FY 2009/10 billing is (1) \$1,076,920 membership dues, (2) \$409,298 for the Energy Fund, and (3) \$1,282,941 for the Bay-Delta Fund. Total dues are \$2,769,159. Metropolitan has participated in the SWC since 1982. *[Water Resource Management]*

State Water Project Contractors Authority (SWPCA) **\$233,079**

The purpose SWPCA is to establish a framework for the future provision of various services to DWR. They include operation and maintenance of portions of the SWP, the acquisition and operation of related facilities such as water and water rights, and other project-related services, provide benchmarking, risk management and power scheduling system implementation services. Joining the SWPCA gives Metropolitan a greater say in the management, operation and maintenance of the SWP, potentially resulting in greater operating efficiencies and reduced costs. *[Water Resource Management]*

Steel Structure Painting Council **\$700**

The SSPC was founded in 1950 as a non-profit professional society concerned with the use of coatings to protect industrial steel structure. *[Corporate Resources]*

The California Institute for Federal Policy Research **\$2,000**

The non-partisan California Institute's mission is to identify issues critical to the economic health of California, to coordinate the development of research data pertaining to these issues, and to communicate this policy research information to the California Congressional delegation. *[External Affairs]*

The Chlorine Institute, Inc. **\$840**

The Chlorine Institute, Inc., founded in 1924, is a trade association of companies and other entities that are involved or interested in the safe production, distribution and use of chlorine, sodium and potassium hydroxides, and sodium hypochlorite, and the distribution and use of hydrogen chloride. Because of chlorine's nature and its widespread and varied use, the promotion of its safe handling has long been an accepted responsibility of its producers, packagers, distributors and users. The Institute is the focal point for their joint efforts. *[Water System Operations]*

The Climate Registry **\$5,000**

The Climate Registry is a nonprofit collaboration among North American states, provinces, territories, and Native Sovereign Nations that sets consistent and transparent standards to calculate, verify, and publicly report greenhouse gas emissions into a single registry. The Registry supports both voluntary and mandatory reporting programs and provides comprehensive,

accurate data to reduce greenhouse gas emissions. This is a corporate membership in support of Metropolitan's energy management initiative and policies. As a member, organizations are encouraged to establish GHG emissions, inventories and baselines, and to reduce overall GHG emissions. *[Corporate Resources]*

The Institute of Internal Auditors **\$1,081**

Established in 1941, IIA is an international professional association of more than 108,000 members with global headquarters in Altamonte Springs, FL. The IIA is recognized as the internal audit profession's leader in certification, education, research, and technological guidance. *[Office of the General Auditor]*

The Institute of Internal Auditors Financial Services Group **\$40**

The Financial Services Auditor Group of The Institute of Internal Auditors is the premier resource for financial services auditors for information, training, and certification. The mission of the Financial Services Auditor Group is to enhance and promote internal auditing in the financial services industry. *[Office of the General Auditor]*

The Phylmar Group, Inc **\$5,000**

The Phylmar Group is an organization that partners with best in class companies on their most challenging environmental, health and safety, and social responsibility issues by working in a vertically integrated way from anticipating client's needs from strategy to implementation. We do this through our trusted expert client advisors who deliver innovative, responsible, efficient solutions addressing client needs and creating added value. *[Water System Operations]*

Underground Service Alert **\$49,858**

According to California law, every operator of an underground pipeline (or other underground facility) is mandated to participate and share the costs for a regional notification center. This provides a free call service for public and private excavators at a work site. In response, Metropolitan will ascertain clearance to dig, then mark or stake the horizontal path. Underground Service Alert provides simple, safe information to protect the pipeline from being damaged and the excavator from personal injury. *[Corporate Resources]*

United States District Court **\$180**

The federal courts require payment of a fee to be admitted to practice in each district court. Membership in the State Bar does not automatically allow an attorney to appear and represent a client in federal court. *[Office of the General Counsel]*

United States Society of Dams **\$700**

USSD is a nation-wide professional organization dedicated to advancing the technology of dam engineering, construction, operation, maintenance and dam safety; to fostering socially and environmentally responsible water resources projects; and to promoting awareness of the role of dams in the beneficial and sustainable development of the nation's water resources. *[Corporate Resources]*

Urban Land Institute **\$225**

Founded in 1936, this nonprofit research and education organization now has more than 22,000 members worldwide representing the entire spectrum of land use and real estate development disciplines, working in private enterprise and public service. As the preeminent, multi-disciplinary real estate forum, Urban Land Institute (ULI) facilitates the open exchange of ideas, information and experience among local, national and international industry leaders and policy

makers dedicated to creating better places. The mission of the Urban Land Institute is to provide responsible leadership in the use of land to enhance the total environment. *[External Affairs]*

Urban Water Institute , Inc. **\$2,500**

Provides non-partisan exchange of information regarding emerging technologies and policy issues to the water resources industry, with emphasis on water economics, management, and resources. *[External Affairs]*

Valley Industry and Commerce Association **\$1,500**

Provides Metropolitan and legislative staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as a subcontractor for purchasing, professional or construction contracts. *[External Affairs]*

Ventura County Economic Development Center **\$500**

Provides Metropolitan and Business Outreach staff with the opportunity to encourage local small business owners to bid on Metropolitan's contracts or to serve as subcontractors for purchasing, professional, or construction contracts. *[Business Outreach]*

Vibration Institute **\$500**

Vibration Analysis like other Predictive Maintenance technology allows for measurement and analysis for quick and relatively inexpensive way to detect and identify mechanical problems before they become serious and force costly unscheduled plant shut downs. Worn bearings, loose belts, improperly meshed gears, unbalanced shafts, misaligned couplings, etc., are accompanied by specific changes in signatures. Monitoring these changes permits maintenance to be scheduled well in advance of a major break down. *[Water System Operations]*

Warehousing Education and Research Council **\$275**

WERC is the professional organization focused on warehouse management and its role in the supply chain. WERC focuses on practical operations within the context of strategic global matters like technology, globalization, infrastructure, workforce management and legislation. WERC offers resources to help distribution professionals stay at the leading edge including educational events, practical research, expert insights and peer-to-peer knowledge exchange. *[Corporate Resources]*

Water Education Foundation **\$23,866**

Provides broad water education programs, such as the Colorado River project, a one-year water leader class, water law policy briefings, and others. *[External Affairs]*

Water Resources Center Archives **\$1,000**

Metropolitan is an active member of this organization. They share many of the same issues as Metropolitan have been an active supporter of water-related issues. *[External Affairs]*

WateReuse Association (WRA) **\$7,000**

WRA is the only association solely committed to promoting water recycling. In addition, WRA is gaining a national presence regarding water-recycling issues. WRA provides Metropolitan a channel to promote and improve the efficiency of water recycling, which is a fundamental building block of southern California's regional integrated resource plan. Benefits to Metropolitan's membership in WRA include: improved public acceptance of recycled water through WRA education programs; improved administrative efficiency through WRA's outreach and influence of key state funding and regulatory programs; and improved regulations through

WRA's science-based research and development program leading to reduced project costs and expanded water reuse applications. [*Water Resource Management*]

WaterReuse Foundation **\$25,000**

The WaterReuse Foundation is a nonprofit research organization comprised of public water and wastewater agencies, and private consulting firms. The Foundation is dedicated to advancing the science of water recycling and desalination. The Foundation provides research funding and supports efforts to create new sources of high quality water while protecting public health and the environment. As a member, Metropolitan would sit on its board and have the opportunity to influence future research activities to address water challenges without our region. [*Water Resource Management*]

Western Electricity Coordinating Council (WECC) **\$2,100**

WECC was organized in 1967 to promote reliability and adequacy of bulk power supply through coordinated operation and planning and is now comprised of organizations from the western United States, Canada, and northern Mexico. By having a representative on the council and a member on its standing committees, Metropolitan is apprised of current trends and developments in the fields of electric generation, transmission, and legislation. Metropolitan has been a member of WECC since its inception. [*Water System Operations*]

Western Urban Water Coalition (WUWC) **\$25,000**

WUWC was established in 1992 by a group of general managers of the largest urban water utilities in the West. The WUWC members share common interests, including water conservation; the need for regional, as well as local, solutions to meet future water supply demands and comply with environmental law; and the shared need for project financing or appropriations from the federal government. WUWC is a moderate, forward-looking organization that has been an effective forum for Metropolitan to seek change. Because of its broad, multi-state political base, it is more effective than its members could be on their own in addressing its initiatives in Washington, D.C. [*Water Resource Management*]

Women's Business Enterprise Council (WBEC) **\$800**

Founded in 1997, WBEC is the nation's leading advocate of women-owned businesses as suppliers to America's corporations. It also is the largest third-party certifier of businesses owned and operated by women in the United States. WBEC works to foster diversity in the world of commerce with programs and policies designed to expand opportunities and eliminate barriers in the marketplace for women business owners. [*Business Outreach*]

WorldatWork **\$900**

WorldatWork is the world's leading not-for-profit professional association dedicated to knowledge leadership in compensation, benefits and total rewards. Founded in 1955, WorldatWork focuses on human resources disciplines associated with attracting, retaining and motivating employees. In addition to serving as the membership association of the profession, WorldatWork provides education programs, the monthly *workspan* magazine, online information resources, surveys, publications, conferences, research and networking opportunities to Advance the state of the profession in compensation, benefits and total rewards (work experience). [*Human Resources*]
