Resource Category:	**Biological Resources**
Mitigation Measure Number:	**CUL-2**

CUL-2 If human remains are found, State of California Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the county coroner has made a determination of origin and disposition pursuant to Public Resources Code Section 5097.98. In accordance with this code, in the event of an unanticipated discovery of human remains, the Riverside County Coroner would be notified immediately. If the human remains are determined to be prehistoric, the coroner will notify the Native American Heritage Commission (NAHC), which will determine and notify a most likely descendant (MLD). The MLD would complete the inspection of the site within 48 hours of notification and may recommend scientific removal and nondestructive analysis of human remains and items associated with Native American burials.

Implementation Responsibility:

☒ Metropolitan Water District
- ☒ Resident Engineer
- ☐ Environmental Planning
- ☒ Other _Operations and Maintenance_____

☐ Project Contractor _____

☐ Consultant _____

Frequency: ☐ Once ☐ Weekly ☐ Monthly ☒ As Needed
