To the Honorable Board of Directors of the Metropolitan Water District,

My name is Kameron, a resident of Del Rey in Los Angeles County. I would like to send my full support for the Regional Recycled Water Program (RRWP) and encourage each of you to vote YES on Agenda Item #7-3 and #7-4 on November 10. Water quality is extremely critical to making sure that Angelenos live healthy lives, and environmental justice means making sure our most vulnerable populations have access to the best water. The phase of environmental planning for RRWP's is vital to any sustainable water supply system. I urge you all to make the right decision and move ahead with the vote necessary for the Regional Recycled Water Program's success. Thank you.

Best regards,
Kameron Hurt
