To the Honorable Board of Directors of the Metropolitan Water District,

My name is Noor Ulain and I live in Palos Verdes , in the county of Los Angeles. I am writing to you all today, to move forward on the approval process for the Regional Recycled Water Project (RRWP). I care about water equity and local water because the climate crisis we are enduring is one that cannot be overlooked. Insert personal narrative why sustainable local water is important to you here.

The RRWP environmental planning is a critical step to make headway on a sustainable and local water supply. I believe you all will make the important decision to move forward on the next steps for the Regional Recycled Water Project today. Thank you.

Sincerely,

Noor Ulain
