Subject: Regional Recycled Water Program - Agenda Item #7-3 and #7-4

To the Honorable Board of Directors of the Metropolitan Water District,

My name is Victor Sanchez and I live in Los Angeles in Los Angeles County. I am writing to you today, urging you to move forward the approval process for the Regional Recycled Water Program (RRWP) by voting YES on Agenda Item #7-3 and #7-4 on November 10th.

I care about water equity and local water because our water future depends on it. And without this precious resource, communities who have already been disenfranchised will suffer even more. We have to get smart with how we manage our water systems, and think through what reasonable recycling measures can look like.

The RRWP's environmental planning phase is a critical step to make progress on a sustainable and local water supply. I believe you all will make the important decision to move forward on the next steps for the Regional Recycled Water Program today.

Thank you.

Saludos y Adelante,

Víctor Sánchez
