Detailed Report

The General Counsel entered into a contract with the law firm of Hanson Bridgett LLP (Hanson Bridgett), as special counsel, on November 1, 2017, for the amount of \$100,000 to provide Metropolitan with legal, tax, and benefits advice on Metropolitan's deferred compensation plans and other employee benefits. Because it is an area of specialized expertise, Metropolitan has regularly retained special counsel for its deferred compensation plans. Hanson Bridgett has expertise and experience in public agency deferred compensation programs. The firm also has expertise in and provides advice on other tax, employee benefits, and CalPERS matters. The firm also provides Metropolitan with current legislative and regulatory guidance on new laws, IRS rules, and U.S. Treasury regulations.

In 2018, Metropolitan selected a new recordkeeper and amended its deferred compensation plans. Hanson Bridgett assisted in these efforts, including review of recordkeeper-related agreements and the incorporation of numerous changes to the plans requested by the participants.

In 2019, Metropolitan further updated its deferred compensation plans to expand plan features for participants and streamline plan administration. Hanson Bridgett assisted in these efforts and advised on several issues such as de minimis account forfeitures, plan rollovers, and deferral contributions. The firm also assisted with the development of a managed account services agreement to offer on-line and personal account management advice to plan participants.

In 2020, Metropolitan enhanced its plan operations to make plan features more convenient for participants. Hanson Bridgett assisted in these efforts and advised on many topics such as automated loan payments, electronic signatures on plan forms, and unified beneficiary designation rules and procedures. The firm also advised Metropolitan on the incorporation of COVID-19 loan and hardship distribution rules for qualified participants.

In September 2018 and March 2020, the Board authorized increases of \$100,000 for a current not-to-exceed amount of \$300,000. New federal legislation will require additional changes to the plan relating to the age for required minimum distributions, death distribution caps, birth and adoption distributions, the 457(b) in-service distribution age limit, and extending COVID-19 loan and hardship relief. These measures will require plan amendments not originally anticipated, and more retirement plan legislation is expected to pass later this year.

Staff requests authority to increase the maximum amount payable pursuant to this contract by \$100,000 to an amount not-to-exceed \$400,000 so that Hanson Bridgett can continue to assist Metropolitan with its deferred compensation plan and related legal services.

While the rate of expenditure is dependent upon the need for expert assistance, it is anticipated that the proposed increase will be adequate for up to one additional year
