

Update on Metropolitan Website Redesign Project

Communications and Legislation Committee

Item #6b

June 7, 2021

Website Redesign Project

- In 2019, Board authorized agreement to design and develop a new mwh2o.com website
- Goals were:
 - Improved user experience, navigation and search capabilities
 - ADA compliant and support for multiple languages
 - Full integration with social media, video and mobile formats
 - Create a new Content Management System (CMS) to maintain the site
- Cloud-based web hosting for greater security and efficiency

Site Preview

- NOTE: Actual committee presentation will feature a live tour of new website features.
